

GERASIMOS CHATZOYDIS

ELECTRICAL ENGINEER,
RESEARCH ASSOCIATE

INSTITUTE FOR LANGUAGE AND SPEECH
PROCESSING, ATHENA RESEARCH CENTER

Gerasimos Chatzoudis is a recent graduate of the School of Electrical and Computer Engineering of the National Technical University of Athens. In parallel with his studies, he was awarded a scholarship by the American College of Greece and the Stavros Niarchos Foundation and pursued a minor in Finance at Deree College. He was also funded by both institutions to attend an international summer school at Fudan University in Shanghai to study Psychology and E-Business in China. During his studies he was also a co-curator and organizer of TEDxNTUA. In his diploma thesis he explored the potential emergence of strategies in task-oriented negotiation dialogue systems, using state-of-the-art Natural Language Processing and Reinforcement Learning techniques. His research interests are in the area of Machine Learning, with emphasis on tangible solutions with positive social impact.
